focus ABENGOA

The Focus-Abengoa Foundation was created in 1982 as a result of the cultural work begun in 1972 by Abengoa with the publication of the works *Temas Sevillanos e Iconografía de Sevilla* (Themes of Seville and Iconography of Seville). A collection of documents, books and engravings on the Kingdom of Seville and by Sevillian authors was created during the same period. This initial cultural work showed Abengoa's directors the importance of the company's involvement in activities that directly benefit society, beyond the firm's core technology work, which led to the creation of the Seville Cultural Fund Foundation. Following the acquisition of Velázquez's Santa Rufina by the Foundation in 2007, the Hospital de los Venerables, a 17th century monument and the headquarters of the Focus-Abengoa Foundation in Seville, has housed the *Diego Velázquez Research Centre*, a leading institution for studying and disseminating the Baroque era and the Sevillian period of this universally renowned artist. Attention to this crucial moment of the Golden Age is completed with the legacy of Professor Alfonso E. Pérez Sánchez, received by the Foundation in 2011. Consisting of his library, photo library, archive and collection of artworks, its cataloging is enabling to create a library specializing in Baroque art and culture, <http://focus.abengoa.es/>
