Re: Other communications

Dear Sirs

We write with reference to the information that appeared in the newspaper "Expansión" in respect of Abengoa's possible disposal of its wind energy and co-generation business, as well as its traffic systems.

To this end we herewith enclose the press release distributed to the various media for publication.

Yours faithfully

[illegible signature]

Abengoa, S.A.  
Jesús Pérez Rodríguez  
General Secretary

Note in respect of the news item published in the newspaper “Expansión” on 22 October

This note is issued in relation to the information that appeared in the newspaper “Expansión” on 22 October, regarding Abengoa’s possible disposal of its wind energy and co-generation business, as well its traffic systems.

Firstly, as regards its wind energy and co-generation business, Abengoa has received approaches from different companies specialising in these markets. In respect of these approaches, Abengoa has not, as of the present date, come to any agreement in relation to the aforementioned.

Secondly, as regards the information published about the sale of its traffic control systems business, Abengoa is not in negotiation with any third party in respect of the sale of said business, contrary to the statement made in said news item.
